

STATINTL

17 August 1967

STATINTL

Dear Mr. Fews:

Thank you for your letter of August 9 and for your interest in this Agency. Your sentiments about your country and its government are shared by all of us here.

Other than the information sent you earlier there is little we can do to help you in your future planning. As an Agency engaged in collecting and correlating foreign intelligence we have no police powers of any kind. Perhaps as you continue your education and your Air Force service you will become clearer in mind as to just what you want to do in life.

As to your query about U.N.C.L.E.: It is a fictional organization created by TV writers and producers.

Thank you again for writing and good luck to you.

Sincerely,

25X1A

Assistant to the Director
